We design dreams

At Maysons, we work in close partnership with independent retailers to create bedroom furniture ranges that are easy to sell, dependable to supply, and designed to perform on the shop floor. Our approach is built around long-term relationships, consistent quality, and a level of service retailers can rely on day in, day out.

Our collections span a wide variety of styles, from clean contemporary designs to more traditional and decorative looks. This allows retailers to confidently cater for different customer tastes, room sizes, and price points. With finishes ranging from bright high gloss to refined matt tones and realistic woodgrains, Maysons offers flexibility without unnecessary complexity.

Every range is designed with presentation and practicality in mind. Proportions are carefully considered, colour options are commercially proven, and layouts are created to sit well together in-store. This makes it easier for retailers to build coordinated displays that maximise visual impact while giving customers clear, confident choice.

Quality underpins everything we manufacture. We use carefully selected materials and durable fixtures throughout our furniture, with soft-close systems on doors and drawers across many ranges to enhance the overall customer experience. Attention to detail is built into every product, helping ensure consistency across repeat orders and long-term availability.

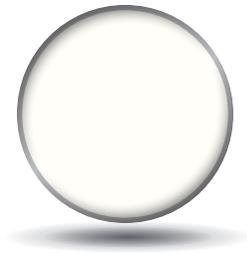

Our components are sourced from trusted suppliers in the United Kingdom and from leading international manufacturers. This allows us to maintain high standards while remaining competitively priced, supported by dependable lead times and responsive aftersales support.

Why retailers choose Maysons?

Retailers choose Maysons because we make it easy to trade with confidence. Our ranges are designed to sell, priced to remain competitive, and supported by consistent quality and reliable supply. With a controlled choice of finishes, strong continuity across ranges, and dependable aftersales support, we help retailers invest in displays they can reorder and grow with confidence. Above all, we focus on long-term partnerships, offering stability, flexibility, and a level of service that supports sustainable retail growth.

Carcass, Front Finishes & Top Options from Maysons

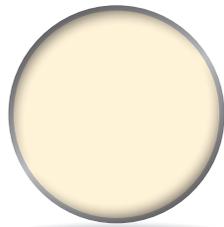

Throughout this catalogue we have presented a range of recommended finish options for each collection. However we can supply all our collections manufactured in a combination of any of the finish options featured below. Select from our wide range of single colours and high quality wood grain reproductions to create a furniture that will complement any style of interior. All of our finishes are available for carcass, drawers, doors and tops as required. See pages 62 and 63 for detail of recommended finish combinations. Please contact our sales office or your agent to discuss your specific requirements.
